## History

A native of Norway, Peter Henrik Haagensen moved to England in 1867, later serving as consul for Sweden and Norway. Residing in the seaside town of Grimsby (Spring Villa, Bargate), He worked as a ships broker and timber merchant to the town.

The memorial was erected by Hendrick in 1897 as a final resting place for his wife, Janna. At the time, people are said to have travelled from the surrounding towns and villages to visit the monument where they could purchase a postcard or even a china replica!

Hendrick joined his wife in 1919. Also interred within are their four offspring; Henry, Clara, Frederick and Macia.

Frederick Haagensen (second son of Hendrick and Janna) was well known for his etchings with, Her Majesty Queen Mary among his many society patrons. A number of his works now form part of the permanent collections of the Victoria & Albert Museum.
