

Ffrench Mausoleum

Freestanding mausoleum built on a square ground plan, taking the form of a medieval tower house. Snecked Wicklow granite walls having crenelated parapet and battered base plinth. Recessed panel to principal elevation containing armorial shield. Paired ogee-headed windows to north and south having stained glass. Tripartite tracery window to east having stained glass by Mayer of Munich. Pointed-arched entrance door to west elevation having timber door with decorative strapwork hinges. Recumbent effigy of Robert Percy Ffrench to interior with stone staircase descending to vault beneath.
